

## Biker Wales Rideout

The Biker Wales Rideout on Sunday September 24th. was a great success. We had a good turnout - 20 riders with a great range of bikes from the humble cruisers up to the mighty BMs (and the odd garish green thingy in the middle).

The weather held up apart from a teeny downpour which separated the real bikers from the fairweather ones. Commiserations to Jonesy who took an alternative route (through a ditch) and to Ram-doom whose mishap was at a slightly slower speed - well standing still actually.

Thanks to the Little Chef in Builth Wells for giving free car parking and toilet facilities to 20 people for the price of one fairly small burger, and to the burger van man for his unique interpretation of customer service. Thanks also to ysbytymike for the photo and for all round helping out.
