

Memorial Rideout - Sunday 29th.October

The Suzi-bandit memorial rideout on the 29th. October was a great success even though most of us didn't have the stamina for the whole route.Great organisation on the main route by the WRC - stopping traffic and keeping everyone together.

Slightly more freeform approach taken by the Biker Wales crew on the way home. Still wasn't all bad:

-
The helicopter didn't catch RAM

-
Stuartf managed to eat Mrs. Stewie's ice cream for her

-
Bomber had his choice of custard slices in the West End

-
Fishy, T.Mac, Crashy and my2ono hadÂ an intimateÂ get togetherÂ in Newport - an interesting choice of venue some might say but I guess the grass is always greener for Cardiff and Barry folks :)
OK folks - where next?
