

## Let's Get Together!

Biker Wales is a friendly site where bikers of all ages, experience and interests can meet up and share their love of motorcycling.

As we have been using our Facebook Page (see link at top left of page) to share information with our members for several years, our Biker Forum is now very out of date, so to comply with the restrictions of the new GDPR we have reluctantly decided to close the forum.

A big thanks to all the members to have contributed to our Biker Forum over the years + don't forget to visit our Facebook Page!
